Cocina VIDENTE

From the maize, humankind shall be born.
From the earth comes their essence;
they shall inherit ancient wisdom.
Their roots will build the future.
Through fire, they will create ideas
that we will share at the table,
where the past, the present, and the
future
become one.

Let all rise.
Let no one be left behind.
Let us be not one or two,
but all of us together.
